

ERVIN KACAR

FRONTEND DEVELOPER

ABOUT ME

Frontend developer experienced with React.js, with ability to learn and collaborate in rapidly changing environments and compositions.

Ready to apply my passion to a talented engineering team to develop quality solutions. Eager to tackle web development challenges to achieve lasting impacts on user experience.

Experience has taught me to take accessibility and responsiveness seriously, and I am excited to continue my career with focus on making site developments easily accessible and responsive.

EDUCATIONAL HISTORY

COMPUTER ENGINEERING

State University of Novi Pazar

- 2014/2022

School of Code

- We are composed of young people who feel they can make a significant contribution to the development of the community in which they live.

EXPERIENCE:

- Developed couple of projects during studying through university in various technologies (JS, PHP, MySQL, C#)
- Through my school of code I built applications using Javascript and React JS.
- Collaborated on some projects initiated by Centar Nit Novi Pazar.
